Would you like to discover more about RISC OS?

The Wakefield RISC OS Computer Club provides a friendly face for RISC OS in Yorkshire, the surrounding regions, across the UK and even around the world.

Meetings

Meetings take place at 7.45pm on the first Wednesday of most months, via the Zoom Video Conferencing and usually consist of a demonstration or talk with plenty of time for informal discussions. Presentations have included

AMCOG Games • RISCOSbits • RISCOS Developments Elesar • R-Comp • RISC OS Open Ltd • Sine Nomine Mike Cook • Raspberry Pi • Python 3 • Ovation Pro Cryptography • Photography • Free software • Music PDF generation • Networking • Problem solving

Visitors are always welcome to attend our meetings

The WROCC

Members receive a copy of our monthly newsletter, *The WROCC*, containing articles on RISC OS and its software, hints and tips, information about the subjects covered in our meetings, and much more.

All members receive a PDF copy by email or download from the website. In addition to the standard 'one page per sheet' version, a 'two-up booklet' format PDF is also available for those who prefer to print a copy for reading.

Help and Support

Amongst its membership, WROCC has a range of experience of RISC OS – and even 8-bit Acorn systems. If you have a problem with your computer, there is always likely to be someone to discuss it with at our meetings.

In addition, all members are invited to join our email discussion group, which provides a friendly forum for help, support and advice between meetings and for those unable to attend on a regular basis.

More Information

If you would like more information, or are interested in joining, please contact

**Wakefield RISC OS Computer Club
3 Riverdale Avenue, Stanley
WAKEFIELD, WF3 4LF**

email **info2025@wrocc.org.uk**, visit our website.

Membership is £10 per year.

Club History

Originally formed in 1983 as the Wakefield BBC Micro User Group, WROCC has held monthly meetings ever since.

When Acorn introduced their revolutionary 32-bit machines in 1997 we supported them too, and the group is now one of the longest established RISC OS user groups in the UK – we celebrated our 40th Anniversary in 2023.

In 1996 we organised the first Wakefield Acorn Spring Show. Since then, the Wakefield RISC OS Computer Show has become firmly established in the platform's calendar.

Our meetings are now held using the Zoom Video Conferencing system
